"Monotype Printing with a Twist"

During an event the Art Bus always has a type of printmaking project to do. These larger projects are set up on an outside table under the awning.

This introduction to monotype printing is exceptional! We have many different themed and geometric shaped plexi-glass plates. A design and pattern of paint is placed on the plate and then lifted with pressing of paper.. Colorful 8.5x11 and or 12x12 paper is used. Fun to do, look fantastic, and ready to frame!
